-

Account Growth Stages

1 First 30 Days – Starting Stage

Limit: 250 new customer conversations/day

Purpose: Trial phase to build initial trust

 Tip: Send relevant & personalized messages; avoid bulk spamming

2 Next 30 Days – Growth Stage

Limit: 2,000 new customer conversations/day

Requirements: Business verification + display name approval + good message quality

 Tip: Monitor message responses & opt-outs

3 Following Months – Scaling Stage

Limit: 10,000 new customer conversations/day

Trigger: Consistent campaigns + usage thresholds

 Tip: Segment audience & schedule campaigns to avoid spikes

4 Advanced Stage – Expansion

Limit: 100,000 new customer conversations/day

Requirement: Sustained good performance, zero quality issues

💡 Tip: Send only to engaged users & monitor feedback metrics

5 Final Stage – Unlimited

Limit: Unlimited messaging capacity

Requirement: Long-term excellent quality & compliance

💡 Tip: Continue personalization to maintain trust

⚠ Important Notes

If message quality drops (users block/report), WhatsApp can reduce limits anytime.

Always track delivery rates, read rates, blocks, and reports to maintain performance
