Labmentix, Bengaluru, Karnataka, India (Remote)   Oct 2025 — Nov 2025

Web Development Intern, Oct 2025 - Nov 2025

- Completed MERN stack full-stack web development internship, working on real client projects with RESTful APIs and UI/UX improvements.
- Collaborated remotely with teams using agile methods and GitHub, receiving certification and mentorship support.

Projects

SHOPPER FULL STACK E - COMMERCE WEBSITE

https://exquisite-genie-1e8b88.netlify.app/

- Developed a fully functional Shopper E-Commerce Website, featuring authentication, cart management, and secure payment integration.
- Designed a responsive, Shopify-style storefront with dynamic product listings, order tracking, and interactive UI elements

ECOSHOP FULL STACK E- COMMERCE WEBSITE

https://rad-travesseiro-ef9cdc.netlify.app/

- Developed a full-featured e-commerce website (EcoShop) using React, Supabase, and Tailwind CSS, featuring secure authentication, a dynamic shopping cart, and a mock payment system.
- Implemented a responsive and scalable architecture with database management, state handling (Zustand), and deployment on Netlify to deliver a seamless user experience.

SNAKE GAME

https://github.com/mdshahwajhussain/snakegame

- Developed a classic Snake game using Java and Swing.
- Utilized JPanel to create a custom game panel, handling component organization and rendering of the game elements.
