# HARSHAL DUBEY

Telangana, India
✉ harshaldubey213@gmail.com

## SUMMARY

Computer Science Student with practice in Full Stack Development and a keen interest in AI and Cybersecurity. Eager to develop and maintain technological solutions in dynamic environments. Skilled in Python, Java, and SQL, with a focus on enhancing user experiences.

## EDUCATION

**GITAM (Deemed To Be University), Hyderabad**
*B.Tech, Computer Science and Engineering*
- **CGPA:** 8.92 CGPA
- **Graduating:** 2027

**Sri Chaitanya Junior Kalasala, Hyderabad**
*Intermediate*
- **CGPA:** 10 CGPA
- **Graduated: 2023**

## PROJECTS

**Alumni Association platform**
*Smart India Hackathon (Internal)*
- Designed and implemented UI components, navigation, and interactive elements for an intuitive user experience, tried out backend as Node.js, focusing on frontend integration.
- Tech Stack: HTML, CSS, JavaScript.

## INTERNSHIPS/ TRAINING PROGRAM

**Agratas EduTech**
*Machine learning with Python*
- Tech Stack: NumPy,Pandas,TensorFlow
- Project (minor): Data Visualization with Python: Exploring Plot Types and Styling Techniques using Matplotlib"
- Skills: Python,Machine Learning,Data PreProcessing

**Completed Digital strategy intern associate internship on Excelerate platform.**

## SKILLS

- **Languages**: Python, Java, C, HTML, SQL
- **Frameworks & Libraries**:, Matplotlib,Scikit-learn, Pandas, Numpy, Tableau
- **Platforms & IDEs**: Colab/Jupyter, Linux
- **Concepts**: Object-oriented Programming, Data Structures & Algorithms, OSI & TCP/IP, File Permissions, VPNs, Firewalls, Machine Learning (Regression, Classification, Neural Networks, Natural Language Processing), SQL foundations
- **CSE Foundations**: Operating Systems, Computer Networks, Computer Organisation and Architecture, Data Preprocessing, Statistics, Linear Algebra
- **Soft Skills**: Effective Communication, Team Collaboration, Cross-cultural adaptability, Professional Networking

## ADDITIONAL INFORMATION

- **Languages**: English, Hindi,Telugu
- **Certifications**: ML bootcamp Certificate by Tensor Flow(2024),Cisco networking(2025),Data Analyst course (2025),Flutter and dart by IBM on Coursera(2025), Data analytics masterclass by NoviTech(2025)
- **Clubs**:National Service Scheme (NSS), Disha(Intellectual),GitHub (member)
