- Microsoft Word, Excel and PowerPoint
- Visual layout, content structuring and attention to detail

PROFESSIONAL EXPERIENCE

Senior Web Designer — Altellect Ventures

1 Jun 2026 – 15 Oct 2026

- Designed and structured websites using Framer AI, focusing on clear layouts, visual consistency and user-friendly presentation.
- Created company presentations and organized information into clear, professional slides for business communication.
- Used AI-assisted tools for research, idea generation, content drafting and improving design workflows.
- Applied prompt-based workflows to explore design directions, structure content and speed up routine research and presentation tasks.

Real Estate Executive — Shiva Properties, Mumbai

Oct 2024 – 31 May 2026

- Coordinated with clients regarding residential and rental property requirements, visits and negotiations.
- Supported clients with documentation and compliance-related steps while maintaining professional communication.
- Tracked property details and monitored pricing and competitor activity to support client discussions.
- Built client relationships through timely follow-up and service support.

Customer Service Executive — Tech Mahindra Ltd

Apr 2024 – Sep 2024

- Performed customer verification and authentication while following process and compliance checks.
- Handled customer issues and supported resolutions with attention to accuracy and service quality.
- Maintained documentation and generated operational reports as required.

Business Development Executive — Kertech IT Solutions

Aug 2023 – Jan 2024

- Supported client acquisition, customer relationship management and business development activities.
- Recruited and trained 20+ employees and helped coordinate team operations and performance.
- Contributed to client retention and satisfaction through follow-ups and clear communication.
