

Objective

Aspiring DevOps Engineer with hands-on experience in AWS, Kubernetes, Terraform, and CI/CD automation, demonstrated through real-world projects involving cloud-native deployments and GitOps workflows. Seeking to leverage technical skills to build scalable, reliable, and efficient infrastructure solutions in a dynamic organization.

Education

[Delhi University]	[2026]
[Bachelor Of Commerce (B.Com)]	[Delhi]

Projects

[DevOps Accelerator: Serverless CI/CD Platform] – [\[View Project\]](#)

-
- Built an end-to-end serverless DevOps platform on AWS using S3, Lambda, and CloudFront for secure file upload and processing.
 - Automated CI/CD pipelines using GitHub Actions, reducing manual deployment effort by 90%.
 - Provisioned infrastructure using Terraform (S3 + DynamoDB remote backend) ensuring reliable state management.
 - Implemented event-driven architecture (S3 → Lambda) for real-time file processing.
 - Integrated CloudWatch and SNS for monitoring and alerts, improving system visibility.

[Kubernetes Voting Application with Argo CD (AWS EC2)] – [\[View Project\]](#)

-
- Deployed a multi-tier voting application on Kubernetes (Kind) running on AWS EC2.
 - Managed Kubernetes cluster (Docker + Kind) for container orchestration and service communication.
 - Implemented GitOps-based CI/CD using Argo CD, reducing manual deployment effort by ~60%.
 - Handled application stack including Python, Node.js, Redis, and PostgreSQL.
 - Configured Kubernetes Dashboard for monitoring and managing cluster resources.
 - Integrated Prometheus and Grafana for observability and performance monitoring.

Skills

-
- **Tools:** Linux, Git, GitHub, Docker, Kubernetes, Terraform, Ansible, GitHub Actions
 - **Cloud:** AWS (IAM, EC2, S3, RDS, DynamoDB, VPC, Route53, Load Balancing, NAT Gateway, Lambda, API Gateway, SQS, CloudWatch, Database Migration Service)
 - **Scripting:** Python, Bash Scripting
 - **Devops Practices:** CI/CD, Troubleshooting, Cost Optimization

Certifications

-
- PW Skills Devops And Cloud Computing Certification [[View Certificate](#)]

Languages

English – Fluent
Hindi – Fluent
